

TELEMEDICINE BENEFIT DESCRIPTION

HOME BUILDERS ASSOCIATION OF GREATER CINCINNATI (HBA)

AllyHealth is a national telemedicine provider that facilitates access to medical professionals whenever you need care from wherever you may be (“24/7/365”).

The cost of the visit? \$0.00 (no cost). And, visit limitations? None.

For one low monthly fee, enroll your entire family for anywhere, anytime access to a primary care physician or pediatrician and have a consultation within minutes, by phone, video, or mobile app. Utilize for any number of non-emergency conditions with unlimited use and no per-call fee or copay. When appropriate, prescriptions will be called in to your choice of pharmacy.

Included is a prescription drug discount benefit through one of the largest pharmacy benefit managers in the country.

As a “buy-up” benefit, the “Essentials” program enhances the “Basic” telemedicine benefits and provides similar access for licensed professional behavioral, or mental health, care providers. The enhanced benefit also provides access to dermatologist providers.

The AllyHealth physician network is one of the largest network of telemedicine providers in the country with over 1,000 physicians and an additional 1,000 therapists and psychologists.

Cost of the AllyHealth Basic program is \$19.95 per month. The AllyHealth Essentials program is \$34.95 per month, which includes all of the Basic program. The options are described below.
